

DOMINANT NOTE OF SPEECHES WAS ORGANIZED FIGHT

South Side Liberal Club Elects Officers for Ensuing Year.

SHOULD WORK STEADILY FROM NOW TILL ELECTION

Suggests Formation Federation of Liberal Clubs for Interchange of Ideas.

Fight, fight, organized fight was the dominant keynote which rang through the speeches of the many active members of the South Edmonton Liberal Club who attended its first annual meeting last night in the club rooms, Douglas Block, Whyte Avenue. If any went to the meeting believing that the club would get together for a general discussion of politics, just a few months ago they had those ideas taken out of their heads before the proceedings went very far, and when they went away it is safe to say that every single one present knew that the work had only just started.

President T. A. Mode, who was re-elected again last night, asked everyone to not only continue to be active himself but to get others to join. There were lots of Liberals who did not know about the club at all who showed strong interest, but others would not be interested, others knew about it but were backward, perhaps about taking an active part in the work as they might wish.

Show Greater Strength

D. H. McKinnon claimed that even without organization the party should be able to increase its strength—seven at election time than their machine-organized opponents. It is said that one of Liberalism's first and foremost principles was to uncompromisingly criticize the leaders when they made mistakes. This was the distinction between liberalism and conservatism. He referred, for instance, to the club which some of the other members of the city had spoken about. However, the general opinion of the meeting seemed to be that the liberals of the Dominion and the province already have an excellent weighty organization, so right and wrong on the side, and that if they talked about that any more and paid no attention to organization the Dominion and perhaps the province would be *ruined* by a party with no policy except getting off the votes, as one speaker put it.

W. L. Laker thought that Mr. McKinnon's remarks would stand fine at a Sunday school meeting, but what about a photo of an organization meeting, as the only thing that counted on election day was the votes in the ballot boxes, no matter by whom they were cast.

Self Appointed Executive

Several speakers briefly made suggestions as to organizing the South Edmonton constituency. W. L. Laker advising the old-timers and new-timers to get together so that "men who are liberals for revenue only" would be eliminated, and control prevented by self-appointed central executive.

A. M. Marks advised that the club should keep in touch with other liberal organizations, so that the bulk of the work would not be left till a few days before election, while J. Adshead suggested a committee with a chairman and a vice-chairman for each ward for the periodical discussion of liberalism.

A. M. Macdonald said that a provincial federation of liberal clubs should be formed, so that the ideas and suggestions of one part should be given to all parts.

Alderman R. B. Douglas also addressed the meeting for a few minutes on the general principles of liberalism.

Electors of Officers

The officers elected were—Hon. president, Sir Wilfrid Laurier; Hon. A. L. Sifton, J. M. Douglas, M.P.; President, A. T. Mode.

Vice-president, J. J. McKenzie; Second vice-president, J. Mason; Secretary, J. D. Kettell; Treasurer, Ernest Morrow; Auditor, J. K. Wilson and Dr. E. Sheffield.

Executive committee: All officers except honorary and six elected members, who are R. B. Douglas, T. McLean, J. Adshead, E. G. Cherry, W. W. Prevey.

A BETTER REMEDY THAN NASTY SALTS

Few people like to take physical medicine, especially salts, which are so disagreeable to take and because they cause the griping and pains they cause. Rexall Orderlies enable you to take these salts in a form that is easily digestible or excessive laxatives. Salts and laxatives usually give only temporary relief and often leave the bowel worse off than ever.

Rexall Orderlies move the bowels promptly, and soothe, tone and strengthen the intestinal muscle leaving the body in a healthy condition.

They taste like candy, and the movement they cause is as easy and natural as though you were walking in perfect health. They are made in a pure, safe, pleasurable way. We have so much faith in Rexall Orderlies that we urge you to try them with the understanding that they did not satisfy you in any way, all you have to do is get your money back is to tell us. We honestly believe them to be the best remedy money can buy.

You can buy Rexall Orderlies only at The Rexall Stores, and in this town only of us. Archibald, Druggist, 102 James East.

No Alimony—Just a Separation
Peaceful, quiet separation, no damage done, everybody happy again—separate your corns with Putnam's Corn Extractor. Acts like magic—don't use any but "Putnam's"—it's the best, 25c at all dealers.

and may Laing. As many as three may be appointed by the present executive.

There are now over 200 members of the club and the total receipts since its inception have been \$125.00. A suitable financial report was submitted and approved of. All Liberals, whether members of the club or not, and irrespective of their places of abode, are requested to attend the first meeting under the new executive, which will be made public through the press.

BOOTH HAS A FEW PLAIN TRUTHS FOR THE OUT-OF-WORKS

General Clean Up is Made of the I. W. W. Hall by Department.

COMMISSIONER'S POLICY, NO WORK AND NO MEALS

Many Men Need Clothing Badly and Citizens Asked to Help.

A general clean-up of the I. W. W. hall was made last night, when a party consisting of Commissioner Booth, Chief Laney, Aldermen May and Clarke, City Relief Officer Turnham, Deputy Wright and a few detectives investigated and satisfied themselves as to the exact condition of the inmates.

At 10:30 the party called at the I.W.W. hall and Mr. Booth explained the situation to the men. He started off by telling the crowd that all meals had been stopped and would be stopped for any man that slept in the hall and that all in excess of that number would have to go downstairs, where there was a small furnished room. He wanted all men who had houses to go to step out from the crowd, also any who had enough money to buy a bed. This reduced the crowd by about forty. Mr. Booth then told the men that he wanted them to clearly understand the situation. They were for the most part healthy looking and did not appear to be thin. They were on the verge of starvation in the city and could only provide beds and food for those who really were in need.

He next advised the I.W.W. officials to stop giving out bread. Bowring, secretary of the I.W.W.'s, stated that they did not want the men at all, and they had only offered the hall to the men who had nowhere else to go. But the secretary said to the condition of the floor, and stated that it was not sanitary and they were afraid that it would break down, thus they would have to shoulder the responsibility, so he thought the best thing to do was to let them all go and not leave any up there at all.

Told Them Reason.

Mr. Booth then ordered the men to leave the hall and go to the Salvation Army hall on Fraser Avenue. After the men had arrived at the hall and stated they were homeless, Commissioner of safety and health department told them the reason that they were making such a thorough investigation before letting them in. The men were using the city's money and they were responsible to the ratepayers for the distribution of the same.

The men were called one at a time to the platform, where they were questioned by the commissioner as to how long they had been out of employment and what efforts they had made to find work, and also how much money they had, and if they were willing to be searched by a policeman to see if they really were without any money. They were all asked to stand except a few who were needed to leave the hall from time to time as they began to realize that if they had any money they would not receive any change. A few were asked to stand a little longer when searched by the police, but in few cases did the amount reach over twenty or twenty-five cents. The men were found to be mostly young fellows who had no money and those who had no money were given free beds. It was found after this investigation that there were about 130 men at the hall who were registered at Mr. Turnham's office only 130 had to be helped to get beds. The men were all told to report to Mr. Turnham this morning, and those who had no money and could be secured for them, provisions would also be made for those who were recently in need to get meals and lodgings.

The men were all told that they would be arrested if they would be found to be vagrants. They were all told to leave the hall and if they did not apply for work for over a week, some being deferred from applying on account of not having sufficient clothing. Mr. Turnham is making arrangements to have the men housed in the hall until the end of the irrigation congress. While there Mr. Kirkwall will look over the location prospects for Alberta from that district, which are said to be excellent.

Did Not Apply for Work.

To those who did not apply for work in the hall, it is the opinion of the commissioners that if they did not apply for work in the hall, they could not have been compelled to do so. In case the man had not applied for work for over a week, some being deferred from applying on account of not having sufficient clothing. Mr. Turnham is making arrangements to have the men housed in the hall until the end of the irrigation congress.

While in conversation with a Capital reporter, A. M. May stated he did not know that the men who were not employed in the hall, and if they did not apply for work in the hall, they could not have been compelled to do so. He stated that he had seen misery and poverty in New York city, it was understood that the two men were drinking with the girl in question. Where the

C. P. R. DISPOSED OF MANY READY MADE FARMS LAST MONTH

The C. P. R. natural resources department during January, usually considered the slowest month in the year for land selling, sold on the average two and a half farms per day of 225 acres each, from the Edmonton office, which is hardly yet known, about 120,000 worth has already been sold through S. J. Thorburn, local representative.

Ole Kirkwall, general sales manager of this department; F. H. Peters, irrigation engineer; and the Hon. Duncan Marshall will leave in a few days for the Portland, Oregon, irrigation congress. While there Mr. Kirkwall will look over the location prospects for Alberta from that district, which are said to be excellent.

POLICE OFFICERS QUIT AS RESULT OF REVELATIONS MADE

As a result of the sensational revelations made in the case of the alleged cocaine poisoning, two members of the police force have resigned within a few hours of the story being made public. It is understood that the two men were drinking with the girl in question. Where the

police actually took place there seems to be some doubt, as according to the story told by the policemen it was in a cafe conducted by someone foreign to Name and address to the girl who was being held by the police, it took place in one of the city hotels. Further developments may be expected in connection with the case.

Mr. Kirkwall, general sales manager of this department; F. H. Peters, irrigation engineer; and the Hon. Duncan Marshall will leave in a few days for the Portland, Oregon, irrigation congress. While there Mr. Kirkwall will look over the location prospects for Alberta from that district, which are said to be excellent.

Commissioner A. S. Booth has been
requested by the health and safety board with the police and the administration to keep a close check on the police stations this year. Alderman Clay has entered the ranks of public philanthropists by offering a prize for the best cabbage grown in the city this year.

Right Kind of Clean-Up

One of the first things which has been attended to by the new chief police is the cleaning up of the police cells and making them more sanitary. The whole place will be thoroughly cleaned and replastered and whitewashed. All the police cells and latrines are now in a bad condition and inadequate yet this overhauling will go a long way towards improving the general conditions in the lock-up.

REGULATIONS MAY BE CHANGED RESULT OF STRONG PROTEST

University Student Treated as Immigrant Crossing From Old Country.

HUGHES IS QUESTIONED RE HAMILTON'S VISIT

Military Minister Gives Information of Trip of Canadian Officers.

Ottawa, Feb. 5.—Private members of parliament asked a varied list to the parliamentary library. Questions and motions for papers by private members were the basis of a considerable amount of interesting information vouchsafed to the house and the people by the government.

Hon. Sam Hughes answered questions relating to the visit Sir Ian Hamilton made to the early last summer, when a trio of Canadian officers made across the country. He likewise gave some information relating to the trip made by the minister and a number of other officers on their way to Britain and the continent in the autumn. The minister cause amusement by pointing out that the officers on the trip were paid for "by their own husbands and fathers."

Issue New Regulation

Hon. H. R. Emerson made a protest because a student at Mount Allison University in Sackville, N.B., who returned from a trip to the old country as a third class passenger, had been treated as an immigrant and not allowed to disembark at Birrell with the first class passengers en route for the maritime provinces. As a result of the discussion which followed, it is likely that a new regulation will be issued guaranteeing this to Canadians who travel in the steerage.

expropriation case at Quebec had been dropped. He claimed that, owing to the erroneous evidence submitted by the attorney general, the allusion made by the exchequer to the fact that he had been called for the X. T. C. right-of-way was excessive, and that there was some hidden reason for the government's action by the force of law.

Mr. Lyle Foxworth brought up the case of the three Canadian officers who had been sent out to Montreal 12 years for murder and was released after six years because of new circumstances. He said that they had referred material out of the blood. If they are out of order this refuse remains in the blood and becomes poison. That's what sound kidneys mean pure blood and good health. Dods' Kidney Pills make sound kidneys.

COMMITTEE FOR TRIAL ON CHARGE OF ARSON; HE WANTED INSURANCE

Frank Ellithorpe was committed for trial this morning on a charge of arson. Ellithorpe's house on Sixteenth Street south was set on fire the morning of Jan. 14, while he was staying with a friend. In this connection Jim Prokot was arrested and charged with arson. While in the office of Captain Frank Ellithorpe he made statements charging Ellithorpe with setting fire to the house, and further claimed that the plot had been meditated for some time and that Ellithorpe had asked him to do it. The charge was arson. The defense was that Ellithorpe was hard up and wanted cash he thought by burning the house down he would succeed in getting the insurance. Detective Scheyer gave evidence to the effect that Ellithorpe had found a train at the Train City storage belonging to the accused and upon opening it he found that it was filled with wearing apparel of the accused and his wife, and also some pictures and other things belonging to the accused. The insurance on the house was \$550. Prokot was committed for trial some days ago.

The Case of A.B. Smith, Retailer.

A. B. SMITH has a dry goods store in a certain Canadian city. He does a good business, but wants to do more. He believes that Advertising in his local newspaper is the way to get more business. So he advertises—every now and then. This is where our friend Smith is wrong—in advertising every now and then. He should advertise regularly—as frequently as his local newspaper is published.

Smith says he wants to advertise regularly, but he can't always find the time to prepare advertisements, which is true, for he is his own buyer, sales manager, director of store service, credit man and half-a-dozen other things.

What Smith should do this: If he is located in one of the smaller cities, in which there are no advertising agencies, give a local ad service, and if he has his own publishing his own half-page ad. In his instance, he should go to the publisher of the newspaper in which he means to advertise, requesting his help. In nine cases out of ten, the publisher, through his advertising manager, will be only too glad to give Smith the assistance desired.

If Smith is located in one of the larger cities he should secure the services of a recognized advertising agency which will take over the work of preparing his advertisements.

In this way Smith can be sure of having his advertisements prepared regularly and intelligently, with no more trouble to him than the supplying of the information required by the writer of the advertisements.

So Smith can do more business, and more business means a larger income for himself, to say nothing of other gains that go hand in hand with the doing of bigger business.

This man Smith---do you know him? Are YOU Smith?

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper.

If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.

From Great Lakes to the Rockies

WOMEN SING THE PRAISES OF DODD'S KIDNEY PILLS

Saskatchewan Lady Adds Her Testimony to What Has Already Been Said of the Great Work Dodd's Kidney Pills Are Doing.

Casgrainville, Sask., Feb. 4th.—(Special).—The scarcity of female help in a country where the work of the provision and unloading strata and of the prairies has established the fact that this strain first makes itself felt in the kidneys. For this reason Dodd's Kidney Pills are doing an enviable reputation from the Great Lakes to the foothills of the Rockies.

Everywhere you will find women singing the praises of the great Canadian kidney pills. They have had them for the past year, and have had them for the X. T. C. Right-of-way, was evidence that there was some hidden reason for the government's action by the force of law.

Mr. Lyle Foxworth brought up the case of the three Canadian officers who had been sent out to Montreal 12 years for murder and was released after six years because of new circumstances. He said that they had referred material out of the blood. If they are out of order this refuse remains in the blood and becomes poison. That's what sound kidneys mean pure blood and good health. LADY CLIFFORD GOES BACK TO THE JUNGLE

Society in England is Tiring of the Tango and is Dropping It

London, Feb. 5.—Women of high social position probably have more political influence in England than in any country except in the world. And the most powerful of all, by general consent, is Lady Bathurst, the beautiful, cultured and wealthy proprietress of the London Morning Post, one of the leading English Conservative newspapers in England. She is a woman of strong convictions and personality who insists on shaping the policies of her paper, and during the two years she has played an important part in the affairs of the nation.

WOMEN GREAT POWER

Some ladies of England's upper classes can be guaranteed to hold their own with any man in the world. One of the most powerful of all, by general consent, is Lady Bathurst, the beautiful, cultured and wealthy proprietress of the London Morning Post, one of the leading English Conservative newspapers in England. She is a woman of strong convictions and personality who insists on shaping the policies of her paper, and during the two years she has played an important part in the affairs of the nation.

LADY CLIFFORD FACES PERILS

Lake Superior, which, while better known to men, is also better known to Mrs. Henry de la Poerre, has just set sail for the African gold coast to rejoin her husband, Sir Hugh Clifford, member of that section, after a long absence.

After a long absence, Sir Hugh

will be setting forth on a long and perilous journey in Ashanti, and Lady Clifford will be left for several weeks without company.

Last summer the news came from

the cold east that the governor's wife had fallen ill with yellow fever. Now lake gold coast is full of yellow fever, and the risk of infection is very great, and it was hardly to be expected that the slender, high-strung novelist would be the tenth. But she is a woman of iron, English, hardly alive, and died in her beauty home in Ibadan, Chepauk, she began to mend.

SOCIETY Gossip

There is a rumor that Harry Payne Whitney has been making inquiries about West Dean Park with a view to leasing it. Like several of the great places in England it has never yet been let.

People are already talking of the arrangements for 1914 courts. There are no functions which the king himself may not be invited to, and he holds a good deal of a diplomat, befriends them with a fair better grace. A mandate will be issued forbidding women to appear in shadowed or without petticoats. The queen has been horrified with some of the dresses she has seen in the houses she has been visiting.

It is not to be wondered learning that wretched-tomato any longer? all the girls are saying. Lady Diana Manners, who may be said to be the leader of society in London, has been dancing the new dance, and was the finest exponent of the new dance, has given it even popularity in other quarters. It is on the eve.

FOUR KILLED; TWENTY-FIVE INJURED WHEN TRAIN STRIKES AUTO

Jacksonville, Fla., Feb. 5.—A slight accident automobile was struck by a seaboard air line train here today and four persons are reported killed or dangerously injured. Twenty-five persons are reported hurt.

REPORTED SEA PORT FALLEN INTO HANDS OF CARRAZAN'S REBELS

Nogales, Ariz., Feb. 5.—Manzanar, an important sea port in the state of Sonora, fell into the hands of Carrazan's rebels yesterday, according to information received in Nogales, Sonora, from rebel sources.

TEACHING STAFF ENLARGED

Due to the large increase in the number of students attending at the Strathearn school of music, the staff has been enlarged recently. There are now 150 pupils and the work under the direction of Haydn Morris is increasing with a marked degree of interest.

ELMONT'S TORNAL SEWERS

The tunnel sewers of Elmont will be the topic of a paper to be read by J. H. Begg, city sewer engineer, at a regular meeting of the Elmont Engineering Club, held in the hall of the physics lecture room of the University of Alberta, Friday evening.

ARTIST DRAMATIC SOCIETY

The next rehearsal for the Giselle will be held in the Alex. Taylor school on Friday evening at eight o'clock. All members are requested to note this change and are advised to take the Boulton Avenue or Highland Avenue.

WILL NOT RECEIVE TOMORROW

Mr. John P. Macdonald, 322 Seventh street, will not receive tomorrow afternoon.

ALDERMAN CALDER
ESTABLISHES A PRECEDENT

Strange resolutions make their appearance in the city council from time to time, but the diploma so far must be awarded to Alderman Calder for a notice of motion in which he proposes that the city ask the provincial authorities for privilege to hand over the city's police affairs to the federal authorities under the mounted police.

The effect of this resolution would be to disincorporate the city, at least so far as the primary purpose of incorporation is concerned.

The original purpose of incorporation is to permit people who constitute a community to handle the matters of public safety which immediately concern them. The right to municipal autonomy has come down to us out of a struggle against centralized authority which has lasted hundreds of years and it is a right most jealously guarded as it lies at the very foundation of the whole fabric and scheme of municipal administration.

To hand back to the central authority from which it was originally derived this right to handle our own affairs would be to admit that we recognize ourselves as incompetent to govern ourselves and that therefore we must become wards of the nation.

The reason why people are in Ponoka is because, after due process and examination, they have been discovered to be incompetent. It is altogether unusual, however, for the incompetent to plead his own incompetency and to demand to be made a ward. Alderman Calder probably establishes the precedent of being the first alderman to invite 70,000 people to join him in making such a plea.

EDMONTON'S INTEREST
IN RUPERT'S FISHERIES

In speaking of the affairs of his department at Ottawa the other day, J. D. Hazen, of the department of fisheries, declared that with the completion of the Grand Trunk Pacific railway to the Coast Prince Rupert would very quickly become the greatest fishing center in the world.

Undoubtedly the minister knows wherof he speaks. The halibut fisheries of Heceta Strait are always the largest fisheries of the kind in the world, and these naturally will center in Prince Rupert the moment transportation is afforded. Other fishing possibilities of immense importance have not yet been touched. The northern Pacific waters are certain to prove as fruitful in sea food as those of the Atlantic, and Prince Rupert, by its geographical position, is the natural port of entry.

The possibilities are of immense importance to Edmonton, as with the development of the fishing industry at Prince Rupert there must arise a corresponding business of distributing the products on this side of the mountains, and the whole of this business for the prairie provinces belongs by geographical location to Edmonton quite as distinctly as the fishing itself belongs to Prince Rupert.

A LARGE RECRUIT TO
THE BUY-AT-HOME LIST

There is a little touch of all right about that statement of the purchasing agent of the Grand Trunk Pacific that everything in the way of furnishings and equipment for the new Macdonald hotel will be purchased right here in Edmonton.

Equally the Grand Trunk Pacific has caught sight of a mistake which almost all big corporations make, that of ignoring the people from whom they expect to get their money. So general has this practise become that merchants who pay the freights have gotten used to the idea that the big railway or similar institution will import everything it requires, without even considering whether or not the local merchant is competent to deliver the goods on as favorable terms. In Edmonton, where the mercantile business is represented by firms which are nearly as large as the railway itself, the narrowness of this business view is evident.

The Grand Trunk starts its hotel off right by putting it in the buy-at-home list.

SUPERIOR, WIS., PROBABLY FIRST
MUNICIPAL-OWNERSHIP CITY IN U.S.

Superior, Wisconsin, votes on April 7 upon the question of municipal ownership of street railways and if the vote carries it will be the first city in United States to own entirely its trolley system.

Superior's experience has been similar to that of most other cities. For ten years the successive city councils have been fighting the Duluth Street Railway Company, which is the corporation owning the lines, for an extension of the company's lines and for lower fares. The city has less miles of track today than twenty years ago, and the fares are higher, notwithstanding that the city has grown considerably and that a \$20,000,000 steel plant has been built in one of the suburbs which the street railway refuses to connect up. A previous referendum upon the question of whether or not the residents of Superior wanted a state law permitting the purchase carried in Superior by seven to one. Superior is a commission-governed city.

UNEXPECTED BENEFICIARIES
OF THE FORD EXPERIMENT.

That the Henry Ford experiment to share profits of his automobile factory with employees would be far reaching in its scope has been conceded from the onset. Its effect, however, has penetrated a phase of society unreckoned. A district judge of Detroit increases the alimony awarded the wife of a Ford employee from \$4 to \$12 a week and in doing so announces that he has taken judicial cognizance that no Ford employee receives less than \$5 a day.

**FOR DANDRUFF, FALLING HAIR OR
ITCHY SCALP—25 CENT DANDERINE**

Girls! Girls! Save your hair
Make it grow luxuriant
and beautiful.

If you care for heavy hair, that
glistens with health, and is radiant
with life, have an impeccable soft-
ness and is fluffy and lustrous, try
Danderine.

Just a few application drops
to your hair, besides it immedi-
ately dissolves every particle of
dandruff; if you can have nice, heavy,
healthy hair if you have dandruff
This destructive scourf robs the hair of
its lustre and its very life, eventually—why not now?

CORRESPONDENCE

(The publishers of the Edmonton Capital again feel it necessary to explain that they take no responsibility for the views in letters sent to the editor.)

The Army and Navy Veterans in
Canada

To the Editor of the Capital:
We of this city and province who
comprise the veterans, are and
have been the leaders in every
cause of the understanding now ar-
rived at by our comrades at Winnipeg.
And I am sure your readers will be
interested to learn of our latest gathering
of ex-service men in that city and
many rising and opening their
program at their concert here in Ed-
monton the other night and singing
ditties from beginning to end, to
"O Canada!"

Permit me as one who may rightly
be called the "lone star" of our
veterans, to add my hearty endorsement
of the man who not together for the
first royal visit to Canada, but
independently, and leaped at the
chance of meeting and making friends
with them promptly made me the
president—to say that if we are to
town it is to be done with the one organiza-
tion, the Army and Navy Veterans in
Canada. We are the Army and Navy
Veterans in Canada." Let us first
confer and learn just exactly of the
aims we all have in so combining.
If the aim is to bring together
from time to time in our respective
localities, convivially and merrily, I
say "Good"; but let all this be but a
means to an end. If it is to lead to
the maintenance of law and order if
ever called upon to do so combining and
uniting in the cause of justice in the
hour of need, as comes along with
it, we have a good, a big-hearted
cause, worthy of the domination, and
if (and here I speak for Alberta) in
this province I think I may claim to have
some voice in the matter) we merely
need to educate the public to the
necessity of uniting for the common
good more than the I fail to see in
this comradeship in the rear, full
of the word. Instead, I see in
such an association a something con-
cerning the rear, and service still
which they promptly made me the
president—to say that if we are to
town it is to be done with the one organiza-
tion, the Army and Navy Veterans in
Canada.

J. W. TURNER,
(Formerly 10th Royal Hussars);
Commander and first president Imperial
Veterans' Association of Alberta.

**STOMACH HEALTH—
OR NO COST TO YOU**

Very likely others have advised you to
use Rexall Dyspepsia Tablets, because
so many people in the com-
munity believe them to be the best
remedy ever made for Dyspepsia and
Indigestion. That is what we think,
but we have not tested them, nor have
we done for other and what they
make of them. We have no much faith in
them that we urge you to try them at
our risk. If they don't help you, they
will not cost you cent. If they don't
do what you want them to do, they
don't restore your stomach to
health and make your digestion easy.
Just tell us and we will give back your
cost of the tablets.

Containing Peppermint, two of
the greatest digestive aids known to
medical science, they soothe the
irritated stomach lining, check heart-
burn and distress, promote peristaltic
action, and make it possible for
you to eat whatever you like whenever
you like with the comforting assurance
that you are not causing any trouble.

We believe them to be the best re-
medy made for dyspepsia and indiges-
tion. Sold only at the more than 7,000
Rexall Stores, and in this town only at
our stores. Three sizes, 25c, 50c, and
A. Archibald, Druggist, 313 Jasper
St.

FIRST LOAD OF WAR MUNITIONS CROSSES BORDER

Next Few Week's Shipments Made Rapidly as Can be Brought.

STATES HE WILL DEAL HARSHLY WITH SPAINARDS

Huerta Issues Decree Authorizing Increase in Army of 50,000 Men.

El Paso, Texas, Feb. 5.—An express wagon trundled across the international bridge from El Paso to Ciudad Juarez yesterday with the first load of munitions war permitted to cross to the rebels under President Wilson's proclamation lifting the embargo. The wagon carried 16 boxes of rounds of ammunition and 70 rifles representing the entire stock of local dealers, but large quantities of fighting weapons have been ordered by rebel agents and soon will be shipped south with the rebels acting on Tornillo.

Unprepared for Change

Others in Mexico, however, seem to accept the Mexican rebels who are received by the Mexican authorities as received by the United States army and custom officials. The orders came so suddenly that the rebel leaders at once were compelled to act before they saw that they had prepared large supplies would have been held in readiness on the American side. It was stated that the next few weeks will see large shipments to Juarez as no ready as caravans can be brought to El Paso.

Spaniards in El Paso, who have rallied in most of Mexican cities, are evidently over Gen. Villa's statement that he intended to deal summarily with any Spaniards who might be captured in Tornillo. Notwithstanding his statement, the rebels are engaged in Washington "that Gen. Villa was misunderstood, the rebel leader said emphatically he had urged that the Spaniards be given a chance to escape and that he intended to shoot them." Gen. Villa said his purpose in giving the warning was that he would not be misunderstood later.

In Mexico City, Feb. 5.—President Huerta last night issued a decree authorizing an increase in the army of 50,000 men.

Including irregulars, according to official figures, this will bring the available fighting force of the army up to 250,000. President Huerta declared that he will begin an active campaign immediately in all parts of the country.

STEAMSHIP RATE WAR MAY HAVE A STARTLING EFFECT ON IMMIGRATION.

(Special to the Capital)

While the British—now having an interest in the German steamship lines and the joint forces of British and other European lines is resulting in very cheap fares to Canada and may have a decided effect on immigration for long on the immigration from Britain and Europe this year. The last reduction in fares across the Atlantic has been made by Canadian lines from New York to Central Europe can ports. Passage can be had from New York for \$20. It is stated that the cuts will not stop here, but that larger reductions will be made unless some settlement is reached very soon.

POSED AS SHERIFF SCARED HOUSEWIVES AND DEMANDED MEALS

Long Beach, Feb. 5.—Posing as a deputy sheriff of Los Angeles, he entered a home, drew a star on his breast, and with a six shooter on his hip, to carry out the impersonation, the woman owner has been terrorizing the women folk of the Wilson subdivision, southeast of the city. His taughous was to enter a house, plant his gun on the table and make inquiries as to the number of children and then demand a meal, which he arrested by the mounted police, and brought up yesterday and remanded.

AEROPLANE NEAR COMPLETION THAT WILL CROSS OCEAN

Definite Proposal to Make Attempt During the Present Year.

DRIVERS WILL BE CHOSEN BY SECRETARY OF NAVY

Will Make Trip Newfoundland to West Coast of Ireland.

New York, Feb. 5.—Plans for flying across the Atlantic ocean in an airplane which has long been a matter of imaginative discussion among Americans, were reduced today, according to an announcement made at the headquarters of the Aero club of America to a definite proposal to cross through the air lanes from Newfoundland to the west of Ireland during the present year. Not only was an announcement made that a transatlantic trip will be made, but a date will be given on, that the construction of a giant aeroplane or rather airplane, will be the trial to be made. The committee in charge of the machine is now rapidly nearing completion. Rodman Wanamaker is to be the pilot, and the machine will be in position and the aeroplane in which it is to be attempted has been designed under his supervision by Glenn H. Curtiss.

It is the intention of Rodman Wanamaker to have the giant biplane driven to Europe by two aviators especially selected by the secretary of the navy.

LURED ACROSS THE BORDER THEN MADE TO SMUGGLE OPIUM

Former Newspaper Man Tells of Fearful Treatment While a Mexican Captive.

STARVED AND WAS CHASED AROUND IN A BULL RING

Six Other Americans Went With Him, But Has no Word Since.

San Diego, Cal., Feb. 5.—Four days in the desert without food is what Robert Harvey Miller, a San Diegan, Cal., newspaper man and his seven companions experienced as a Mexican captive in the bull ring at Ensenada. Mortimer Miller, a companion, was chased around the bull ring at Tijuana prodded with bayonets and accused he soon would be shot.

Harwood Miller, and a companion named James Steele, are all in jail here, under orders from the custom authorities, and the seven Americans are confined in a Mexican camp on the way to Ensenada. Mortimer Miller, a companion, was chased around the bull ring at Tijuana prodded with bayonets and accused he soon would be shot.

Harwood said last night he was forced across the border under promise of safety by a Mexican who was a friend of Smythe. Once across, he said, Smythe armed them and told they were to smuggle opium. They were afraid of him, Harvey Miller said, but in those days they ran out of food and he and Miller went to get some. Their capture and the march to Ensenada followed. Steel was herded in with them.

Miller and no word of six other Americans who, he said, crossed the line with them.

May Be Vice-President

With the exception of the Canadian service between the two countries, there is no Canadian service between the United States and Canada, and the Canadian service is limited to the Canadian service.

ASIANA (NEW YORK) CARRIAGE LINE CARRYING OUR CLASS (1) CANDELL AND (2) THIRD CLASS.

FIANCIER (NEW YORK) LACONT (NEW YORK) 16,160 tons each—Twin Screw, Triple Expansion, 2000 H.P., Triple Screw Turbine, Carrying First, Second and Third Class.

The Cunard Service Company, New York, will now have a Canadian service between the United States and Canada, and the Canadian service is limited to the Canadian service.

SAFETY, SPEED, COMFORT.

The new twin screw steamship Cunard Line, 16,160 tons, will be added to the Canadian service.

ANDANA FED. & CANADA SERVICE

We're added to the CANADIAN SERVICE

in 1912, and are replete with every modern improvement.

RADIUM Patient Dead

Baltimore, Feb. 5.—J. D. May, prominent business man of Denver, Colo., who came here two weeks ago to undergo treatment for cancer of the rectum, it was said he had tried every other method to effect a cure and that shortly after he was admitted to the sanatorium it was seen that his chances were meager.

Referring to President Wilson's proclamation relating to Mexico, the Times says: "The situation is not being a permanent solution of the problem, but says that whatever policy they may be eventually driven to adopt, the Americans may be con-

vinced that no difficulty will be placed

in their way by the British government."

That's a ridiculous low price, isn't it?

They are sample gloves bought very cheap so we can afford to do it. As they are samples there are too many kinds to tell you about them. A few are regular 25c values, but most are worth 35c and 50c. All going Friday, while they last at . . .

12½c

ALDERMAN CALDER
ESTABLISHES A PRECEDENT

Strange resolutions make their appearance in the city council from time to time, but the diploma so far must be awarded to Alderman Calder for a notice of motion in which he proposes that the city ask the provincial authorities for privilege to hand over the city's police affairs to the federal authorities under the mounted police.

The effect of this resolution would be to disincorporate the city, at least so far as the primary purpose of incorporation is concerned.

The original purpose of incorporation is to permit people who constitute a community to handle the matters of public safety which immediately concern them. The right to municipal autonomy has come down to us out of a struggle against centralized authority which has lasted hundreds of years and it is a right most jealously guarded as it lies at the very foundation of the whole fabric and scheme of municipal administration.

To hand back to the central authority from which it was originally derived this right to handle our own affairs would be to admit that we recognize ourselves as incompetent to govern ourselves and that therefore we must become wards of the nation.

The reason why people are in Ponoka is because, after due process and examination, they have been discovered to be incompetent. It is altogether unusual, however, for the incompetent to plead his own incompetency and to demand to be made a ward. Alderman Calder probably establishes the precedent of being the first alderman to invite 70,000 people to join him in making such a plea.

EDMONTON'S INTEREST
IN RUPERT'S FISHERIES

In speaking of the affairs of his department at Ottawa the other day, J. D. Hazen, of the department of fisheries, declared that with the completion of the Grand Trunk Pacific railway to the Coast Prince Rupert would very quickly become the greatest fishing center in the world.

Undoubtedly the minister knows whereof he speaks. The halibut fisheries of Hecate Strait are always the largest fisheries of the kind in the world, and these naturally will center in Prince Rupert the moment transportation is afforded. Other fishing possibilities of immense importance have not yet been touched. The northern Pacific waters are certain to prove as fruitful in sea food as those of the Atlantic, and Prince Rupert, by its geographical position, is the natural port of entry.

The possibilities are of immense importance to Edmonton as, with the development of the fishing industry at Prince Rupert there must arise a corresponding business of distributing the products on this side of the mountains, and the whole of this business for the prairie provinces belongs by geographical location to Edmonton quite as distinctly as the fishing itself belongs to Prince Rupert.

A LARGE RECRUIT TO
THE BUY-AT-HOME LIST

There is a little touch of all right about that statement of the purchasing agent of the Grand Trunk Pacific that everything in the way of furnishings and equipment for the new Macdonald hotel will be purchased right here in Edmonton.

Evidently the Grand Trunk Pacific has caught sight of a mistake which almost all big corporations make, that of ignoring the people from whom they expect to get their money. So general has this practise become that merchants who pay the freights have gotten used to the idea that the big railway or similar institution will import everything it requires, without even considering whether or not the local merchant is competent to deliver the goods on as favorable terms. In Edmonton, where the mercantile business is represented by firms which are nearly as large as the railway itself, the narrowness of this business view is evident.

The Grand Trunk starts its hotel off right by putting it in the buy-at-home list.

SUPERIOR, WIS., PROBABLY FIRST
MUNICIPAL-OWNERSHIP CITY IN U.S.

Superior, Wisconsin, votes on April 7 upon the question of municipal ownership of street railways and if the vote carries it will be the first city in United States to own entirely its trolley system.

Superior's experience has been similar to that of most other cities. For ten years the successive city councils have been fighting the Duluth Street Railway Company, which is the corporation owning the lines, for an extension of the company's lines and for lower fares. The city has less miles of track today than twenty years ago, and the fares are higher notwithstanding that the city has grown considerably and that a \$20,000,000 steel plant has been built in one of the suburbs which the street railway refuses to connect up. A previous referendum upon the question of whether or not the residents of Superior wanted a state law permitting the purchase carried in Superior by seven to one. Superior is a commission-governed city.

UNEXPECTED BENEFICIARIES
OF THE FORD EXPERIMENT.

That the Henry Ford experiment to share profits of his automobile factory with employees would be far reaching in its scope has been conceded from the onset. Its effect, however, has penetrated a phase of society unreckoned. A district judge of Detroit increases the alimony awarded the wife of a Ford employee from \$4 to \$12 a week and in doing so announces that he has taken judicial cognizance that no Ford employee receives less than \$5 a day.

FOR DANDRUFF, FALLING HAIR OR ITCHY SCALP—25 CENT DANDERINE

Girls! Girls! Save your hair!
Make it grow luxuriant
and beautiful.

If you care for heavy hair that grows with beauty and is radiant with life; hair that is incomparably soft and is fluffy and lustrous, try Danderine. Just one application doubles the strength of hair and immediately dissolves every particle of dandruff; you cannot have nice, healthy hair if you have dandruff. This destructive scourf robs the hair of its lustre, its strength and its very life,

and if not overcome it produces a feverishness and itching of the scalp; the hair roots faint, loosen and die; then the hair falls out.

If your hair is thin, faded, dry, scraggy or too oily, get a 25 cent bottle of Knowledge Danderine. You will be amazed at the results in a few minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of sex, desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itchy scalp and no more falling hair—why must use Knowledge's Danderine. It eventually—why not now?

CORRESPONDENCE

(The publishers of the Edmonton Capital again feel it necessary to explain that they take no responsibility for the views in letters sent to the editor.)

The Army and Navy Veterans in Canada

To the Editor of the Capital:
We of this city and province who constitute the Army and Navy Veterans in Canada are anxious to let our comrades at Winnipeg know that we have been invited to meet them at the annual convention of the ex-service men of the British army and navy rising and opening their program at their concert here in Edmonton on other night and singing alto and bass from beginning to end, "O Canada!"

Permit me, as one who may rightly,

think, be called "the father" of our Army and Navy Veterans Association—the man who got them together for the first royal visit to Edmonton in September, 1912, with the object and result of uniting all ex-service men in one organization.

They promptly made me the president—to say that if we are to be successful we must have one organization to be known as the Army and Navy Veterans in Canada; let us first confer and learn just exactly of the men we all have in so combining. If we are successful in meeting together from time to time in our respective localities, concretely and musically, I say "Good"; but let all this be but a small effort to begin with, and then our upholding more than that if possible, the British flag—to our aiding in the maintenance of law and order if ever called upon, and to our continuing to help each other—the hour of need, as comrades still, then we have a good cause, a big-hearted cause, worthy of encouragement throughout the dominion. Then, when here I speak for Alberta, in which province I think I may claim to have some validity, we must be merely honest, occasionally, in our time and no more, then I fail to see in this comradeship in the real, full sense of the word. Instead, I see in such a combination meeting together from time to time in our respective localities, concretely and musically, I say "Good"; but let all this be but a small effort to begin with, and then our upholding more than that if possible, the British flag—to our aiding in the maintenance of law and order if ever called upon, and to our continuing to help each other—the hour of need, as comrades still, then we have a good cause, a big-hearted cause, worthy of encouragement throughout the dominion.

Then they will be stands; They must to march on London.

Fall twenty thousand strong!

And as they march in serried line

Their voices will all combine

To raise this marching song;

"And won't King George comply?"

"And will King George be shy?"

There are twenty thousand British dames

Will know the reason why?"

LIST OF PRIZES AND EVENTS NOW READY FOR GREATER EDMONTON BONSPIEL FEB. 10th.

Eskimos Score Complete Shut-Out Over Dominions--First Brackman-Ker Result 6-0

In One of the Hardest Fought Battles of the Year, the Provincial Champions Were Totally Out-classed--Jimmie Sutherland Scored Three--"Baldy" Lynn Notched Two--Reid Played Spectacular Game in Goal.

In one of the hardest fought games ever seen on local ice, the Eskimos lost mightily to the clowns from the north. Dominions ran wild and Neil Sutherland stopped a complete shut-out. The score was 6 to 0. It was about a correct estimate to what the final winners had it over the wrecks of the green and white. From the first tap of the bell both teams hit the turf hard, and it was a dogged battle between two sets of brawlers. Many ties were handed out, and Referee Deeton and Judge of Play Thorpe had their hands full.

Snowy Brilliant Hockey

Never once during the entire game was there a shuddering of pace, and before full time was called more than once the players were ready to drop from an exhaustion point. Only 1,100 people saw the game, but what was lacking in numbers was more than made up by the excitement of seeing the Eskimos show their best beating to the provincial champs.

Eskimos Were Fast.

Jimmie Sutherland played the game of his life, and was racing for three of the four points. Lynn was the fastest man on the ice, and notched two counters, one of which was the result of a beautiful long run and a sharp shot. He had to wait for the goal after 17:35 of play. Chet Reid, in goal, never played better in his life, and made some wonderful stops.

Game Was Strenuous.

The game was replete with thrilling rushes, spectacular defense work, heavy checking and sensational goalkeeping. The Eskimos were in the heat contest, and kept the crowd "on their toes" at all times. The game was the first of a three-game series for the Brackman Cup, and the second series will have a handicap lead on goals. The half-time score was 2 to 0. The second game of the series will be next Wednesday night. On hand since the former Dominion Cup, Lynn and the series with send off to the Allan cup.

Officials Were Criticized.

The officials were not acting as referee and Deeton as judge of play, but during the first half so much dissatisfaction was shown by the Eskimos that the officials were blamed for the second half, along with Deeton last in his right place the game went better. The Eskimos were rather strenuous in their checking, and the game was played hard, and stayed on the ice, until the second half, when the score was 2 to 0 in their favor. Instead of "roughing" it and talking back to the officials.

Brilliantly Sung.

Such a reversal of form on the part of the Eskimos came as a big surprise to the supporters of the green and white, and many a "goat" was raised by spectators watching their favorite getting swamped. There was no two ways about it, the Eskimos had it over their hosts. But, having said that, it is true that he was put to the boards pretty hard, and from that time on was never very dangerous. The game was a hard one right through, and the Eskimos showed that they had the "guts" to take their bumps.

Neil Sutherland Failed to Score.

Neil Sutherland failed to get at least one goal. He was one of the best men on the ice and worked hard all night, and was near the goal. Neil Sutherland did not score. He and Jimmie worked well together on more than one occasion. No doubt the 29 below zero weather kept a lot of people away, but with the Eskimos showing such spirit, the next contest in the series should draw a lot more fans.

First Half.

One made a hard shot, and the Eskimos pressed hard. Jimmie Sutherland went off for winning his stick around Stanley's feet. Neil Sutherland cleared. Dea went off, and Sutherland made rush, but no one to take pass. Neil Sutherland grabbed

the rubber and went up the ice, passed to Reiter, who scored 4:52.

Muirhead Got Second Goal.

Muirhead raced and shot, but Sutherland was at home. Dominions ran wild and Neil grabbed puck, but not wide enough to score. The Dominions got close, and play went to other end. Sutherland stopped a hard one from Neil and Reid saved one, but not right in. Reid made a beautiful save. The Dominions kept away at Reid with no effect. Reid got away for a long run, but Sutherland was there. Dominions pushed, but Reid was there. Reid got away at Reid with no effect. Reid had a while to think, and stopped to the boards. Reid was playing a whale of a game, and stopped and then ran down the ice and Muirhead beat tallios another in 17:35.

Eskimos Were the Kickers.

After checkers were in order, and Gosselin was in the center, and the play went five minutes for rough work, and Jimmie Sutherland drew a penalty for talking back to Deeton. With six minutes to play, the Eskimos started "shoving" and pushing like steam over the penalties. Neil Sutherland drew five minutes for holding and Baird went off. With three ticks to go on the fence, the Dominions prepared away at Reid, but failed to score.

Second Half.

The Eskimos still had the penalty box, when the last started. Dominions charged, but Dea intercepted and gave Sutherland a hard one to stop. Lynn scored, and the second goal after 17:35 of play. Chet Reid, in goal, never played better in his life, and made some wonderful stops.

Game Was Strenuous.

The Test.

Andrew Carnegie at one of his dinners in his mansion in New York condemned capital punishment. "I am against it," said Mr. Carnegie, "but I am not of the 'no' school. I am not of the 'yes' school, but he put to the boards pretty hard, and from that time on was never very dangerous. The game was a hard one right through, and the Eskimos showed that they had the "guts" to take their bumps."

Willie Ritchie

FOR AUSTRALIA

"Snowy" Baker Would Match Him There.

San Francisco, Feb. 5.—Willie Ritchie, light weight champion of the Americas, has been invited to compete for a series of three fights under guarantee of \$30,000, after his fight here with Harlem Tommy Murphy, the exact date of which has not yet been set.

The announcement was made by one Australian promoter, after a long talk with Ritchie and his manager yesterday. The articles have been signed, but the date is not yet fixed. The money will be given and the details are to be settled later. Two of the bouts probably will be with Hughie McGehee, who was light weight champion of the Americas in 1935. McGehee knocked out last week, and with Herb McCoy, an Australian lightweight, who won from Matt Wells, of England, two weeks ago in 17 rounds. All the bouts will be for 20 rounds.

W. H. Allen, of Kansas City, who divorce because his wife's antics so far made him sick, has been granted a divorce, let to his discharge from a job worth \$15,000 a year.

**MANY TAKE ADVANTAGE
OF FACILITIES OFFERED
BY TECHNICAL SCHOOL**

Fuller 400 have taken advantage of Edmonton Technical School offers. Sewing, mechanical drawing, electricity, applied science and steam power, and the other classes are also pretty well patronized. There is now a staff of seven regular instructors and four extra instructors who add two or three every week. The largest attendance is at the evening classes, there being about 325 enrolled for these and about 70 attending the day classes. It has been found advisable to add the extra branches to the school, the options namely Electricity, chemistry, and prospecting. W. L. Richardson, director of technical education, stated to the Capital that he thought it was necessary to add the other subjects to the school before the close of the present year. A surprising number of foreigners have made themselves comfortable here and offered their services and with few exceptions have proved themselves to be industrious and apt pupils.

**EXHIBITION COMMITTEE
AIM TO MAKE SHOW THE
BEST IN CITY'S HISTORY**

At a meeting of the race committee of the Edmonton Exhibition Association held in Manager Stark's office yesterday afternoon, the general arrangements were discussed. There were present Charles May, the chairman of the committee, and Joseph Driscoll, J. H. Miller, P. C. Dwyer, R. J. Mason, Vice-President West and Manager J. W. Stark. It is the aim of the committee to make the spring exhibition meet the best that have ever been held in the city. The dates set for the spring races are May 23 to 25. The summer races will be held on June 13th, 14th and 15th. In St. Anthony there were 75 baptisms in 1913 and only 42 in 1911. But there were only eight baptisms in the same year in the parishes which had the least, that is, 6,901, and the communions 12,229.

Dr. Edward Allin will deliver an interesting lecture at the next meeting of the Reform Lodge No. 12, I.O.G.T., to be held on Tuesday, February 17th, in the Blue Moon Tea Room, 1225 10th Street. The speakers will be the following officers: Past Master, Rev. G. F. Fairbank and J. S. Johnston were unanimously re-elected as lodge deputy and electoral superintendents respectively. A. E. McLean was elected chaplain for the next

year. The new officers were re-elected.

The liabilities of the parish are \$5,000 at 6 per cent., offset by assets of \$5,000, leaving a balance of \$500.

UPRIGHT PIANO BY GOOD MAKER
ONLY \$165. Will set for payments of
one month. Call Jasper West, adjoining Coruna
Hotel.

WATER-PROOF FURNISHED SHIRT
Four or five rows, wet end, size A.M.C.

AN YOUNG PERSON SOONLY ARRIVING
from eastern Ontario with no return
ticket and not intending to return
will find it to their advantage to communicate
with Capital Box 262.

**BREAKS A COLD
IN A FEW HOURS**

First dose of "Pape's Cold Compound" relieves all
grippe misery.

Don't stay stuffed up!
Quit blowing your nose! A dose
of "Pape's Cold Compound" taken
every two hours until three doses are
taken will end grippe misery, either in the
head, chest or body or limbs.

It relieves stuffy noses and air passages; stopped noisy
discharge or noise running; relieves sick headache, dizziness, feverishness,
cough, throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the
quietest, most effective medicine known
to us. It acts without assistance, tastes nice,
and causes no inconveniences. Don't
accept a substitute.

S. ANTHONY PARISH
HAS CLOSED VERY
SUCCESSFUL YEAR

According to a statement just issued by the St. Anthony parish, south side of the church has had a most successful year and records a marked increase in number of departments. The baptismal service of St. Rita's was held in the 30th anniversary of the St. Rita's district. The statistics for 1913 show 1472 individuals and 205 families for St. Anthony's, and also 310 individuals and 58 families in St. Rita's. The figures for 1912 show 1372 individuals and 196 families with 210 boys and 210 families. In St. Anthony's there were 75 baptisms in 1913 and only 42 in 1911. But there were only eight baptisms in the same year. The number of confessions for 1913 was 6,901, and the communion 12,229.

Dr. Edward Allin will deliver receipts totaling \$5,553.50 which includes \$3,434.80 for collections, \$24.65 raised by the Altar society, and \$332.50 from the poor box. The parish of St. Anthony gave \$2,566 to the parish of St. Rita's.

The liabilities of the parish are \$5,000 at 6 per cent., offset by assets of \$5,000, leaving a balance of \$500.

UPRIGHT PIANO BY GOOD MAKER
ONLY \$165. Will set for payments of
one month. Call Jasper West, adjoining Coruna
Hotel.

The liabilities of the parish are \$5,000 at 6 per cent., offset by assets of \$500.

PERSONAL

AN YOUNG PERSON SOONLY ARRIVING
from eastern Ontario with no return
ticket and not intending to return
will find it to their advantage to communicate

PERSONAL

THE SECRETARY,
St. Anthony Hospital,
Edmonton South.

TENDERS FOR ICE.

Tenders will be received up to 7th for
three hundred tons of ice to be packed
in boxes and delivered to the hospital
ice house. All tenders for parking to be submitted
by the contractor.

The tenders will be accepted by another
not necessarily accepted.

THE SECRETARY,
St. Anthony Hospital,
Edmonton South.

BAILIFF'S SALE

Under and by virtue of a distress warrant
issued by me against the goods and chattels
of Mr. Charlier, mentioned in the said
distress warrant, I have seized and retained
the following goods, namely: 22 beds and clothing
writing desk, 1 Herbert piano, 1 table
(canada pine), 1 cabinet, 1 chair, 1
sofa, 1 washstand, which I shall
reserve for sale on Saturday, Feb. 7, 1914.

The following program of lectures has
been arranged for the present week:

Thursday evening, February 5, Salvation
Army Hall, Edmonton.

Fri. evening, February 6, Methodist
Church, Mile End.

Concert of lectures: "Dunsbury
house" and "Alberta Prodigal".

Sunday, February 8, at 4:15 p.m.,
Salvation Army Hall, Edmonton. Temperance
lecture was given at Partridge Hall in the south district.

The speaker will be Harry Ballantyne, National
Y.M.C.A. secretary for Western Canada.

Monday, Feb. 9, 1914, at 7:30 p.m.,
Canadian Welfare League, Winnipeg. Supper will be served at 6:30 p.m. All
members and friends are invited.

Taking Extra Precautions.

That any more escapades may be prevented,
a constable has been put on at the south side police station and a
special squad will be on duty.

It has been seen

that the constable

is very good. However,

street numbering will be given attention
before the season for picnics opens.

Y.M.C.A. Annual Meeting.

The annual meeting of the Y.M.C.A.
will be held in the Auditorium of the
Parish hall of the annual Lenten
service.

Details of procedure will be
published as soon as possible.

It is expected that

the speaker will be the

Rev. J. M. Fulton, D.D., will be the
keynote speaker.

The speaker will be the

Rev. J. M. Fulton, D.D., will be the
